

This year, we have had to make a lot of changes to school life at Brunton due to the Coronavirus Pandemic. However, Brunton is still a fun, happy and inspiring place to learn, full of Positive Pandas!

We wanted to share with you our views about these changes, what we enjoy about our days at school, and how our teachers make sure that we are safe and happy.

We hope reading this makes you smile,

- The Voices of Brunton, October 2020

# Key Stage One

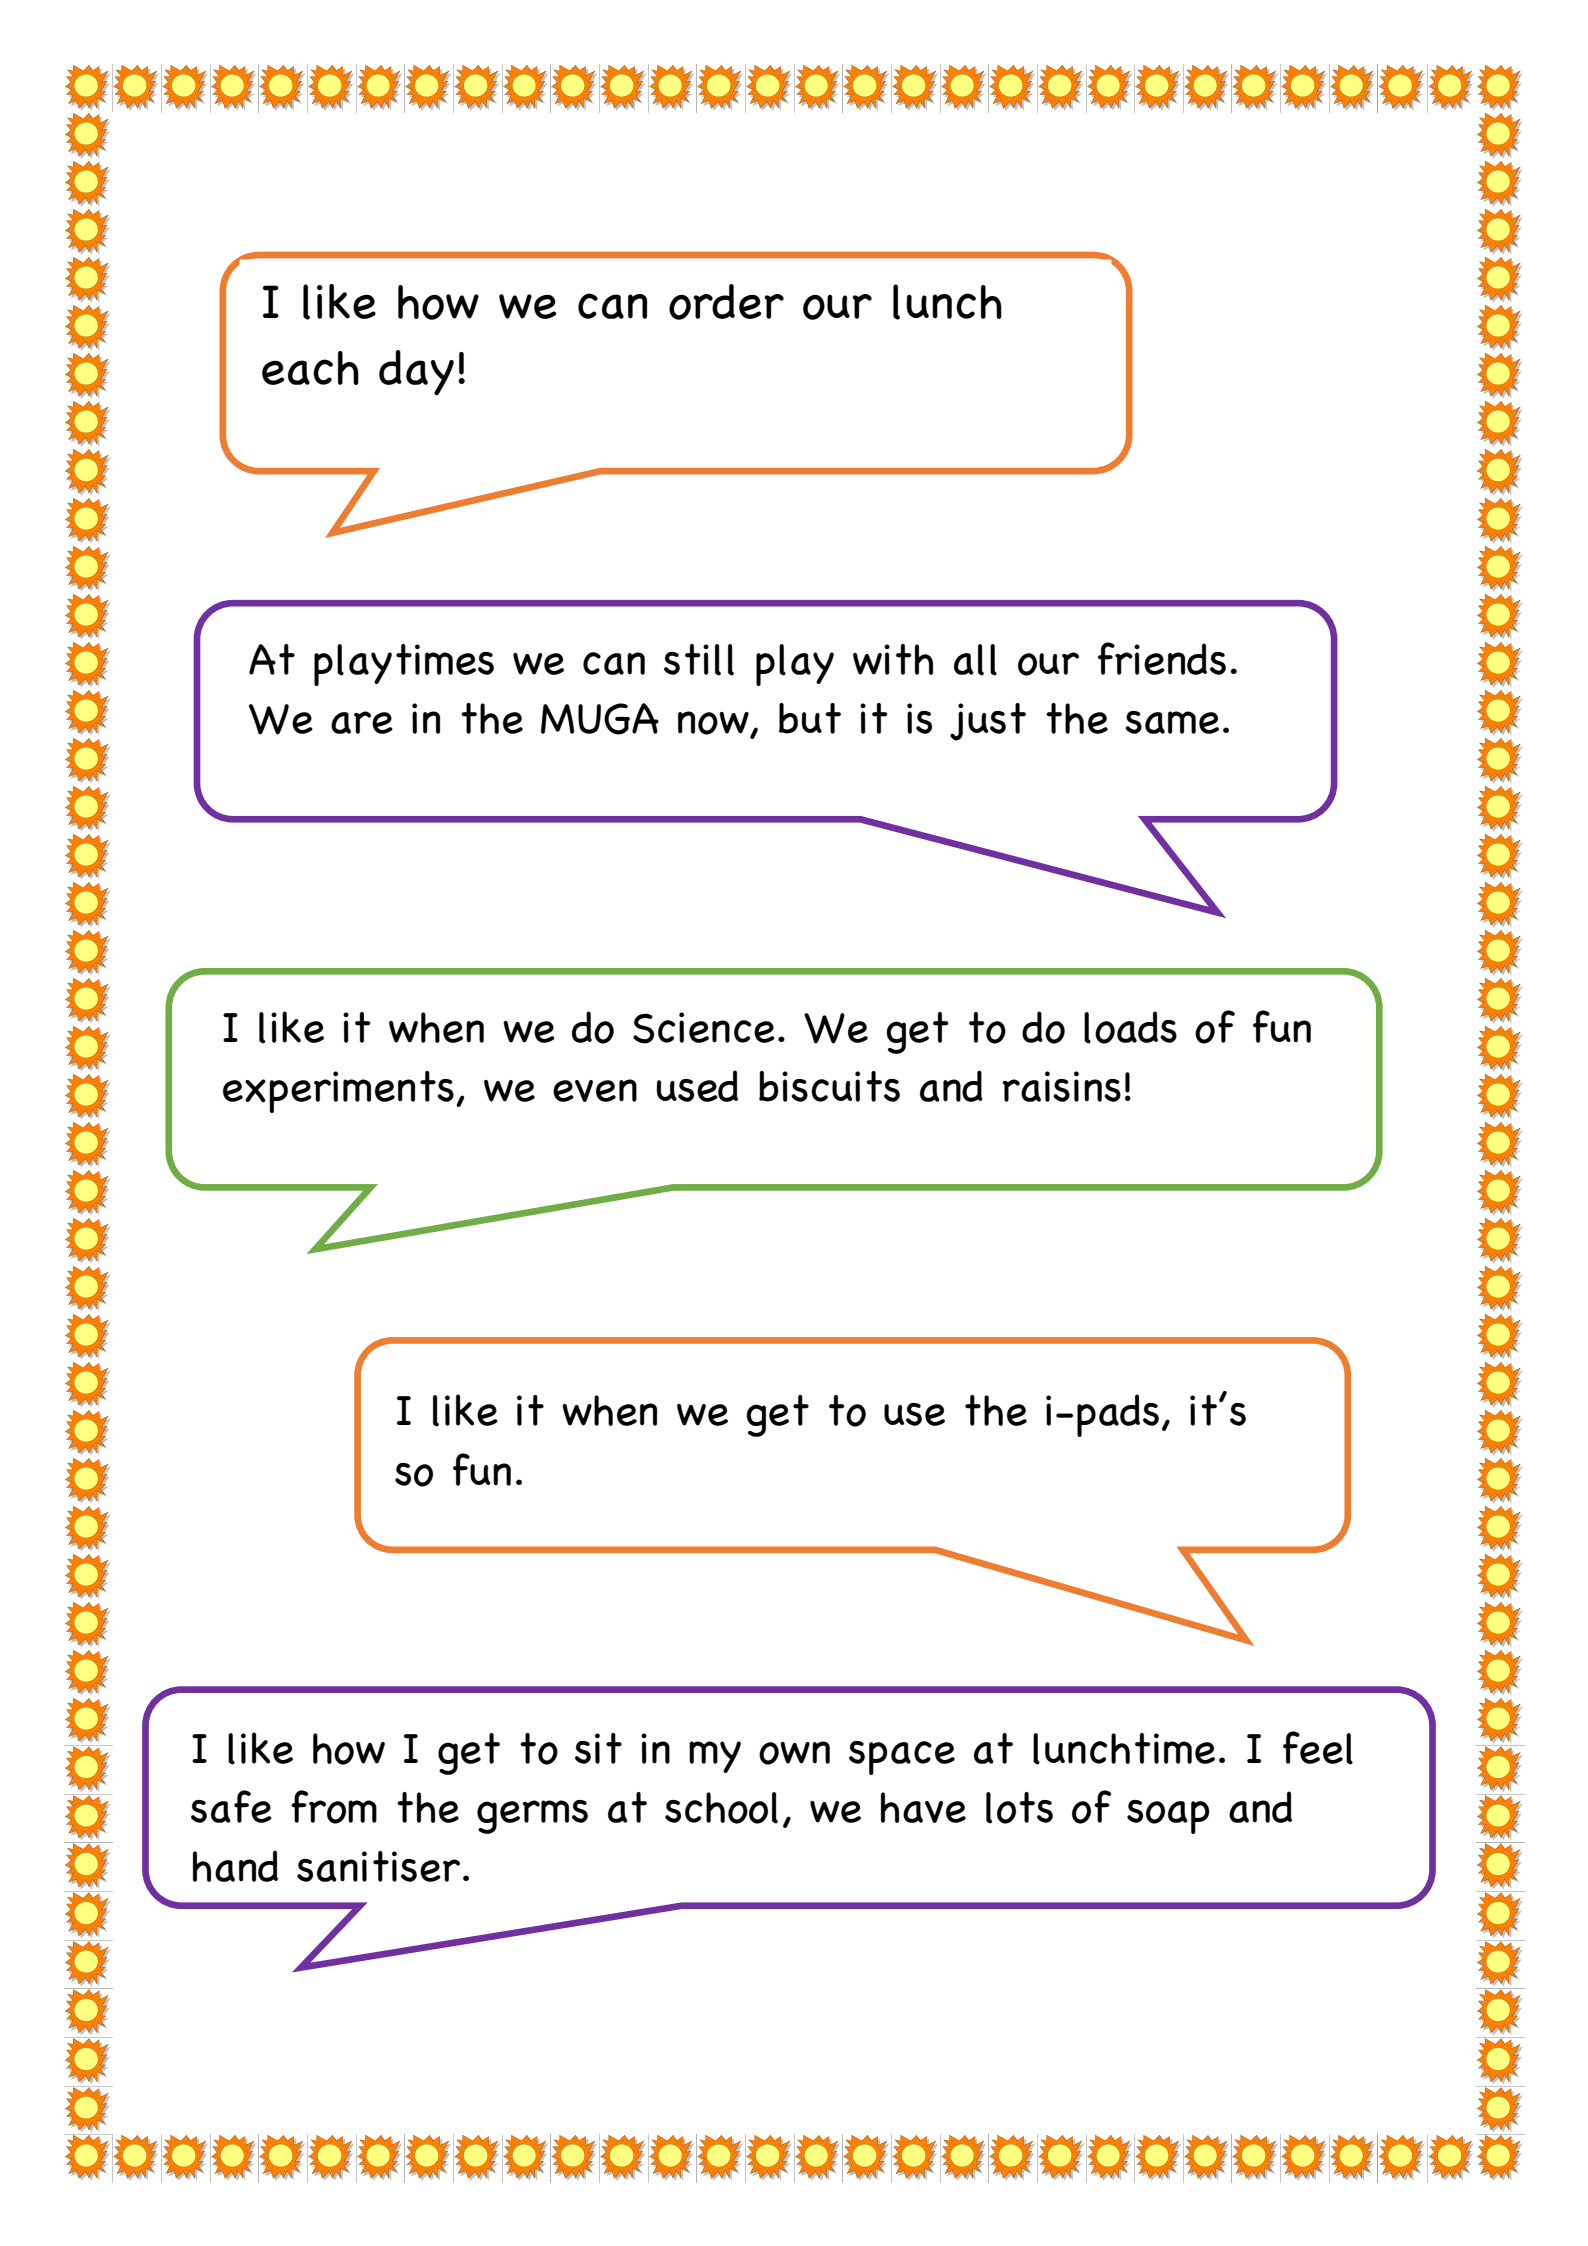

School is really fun, I love doing writing.

I like how we still get to do choosing,  
and we can share with our class.

Our teachers look after us and help us. I  
like how we do lots of learning.

We wash our hands with soap and we have hand  
sanitiser in bottles. We wash our hands lots.

At lunchtimes we have our own trays to  
stay safe.

I like how we can order our lunch each day!

At playtimes we can still play with all our friends. We are in the MUGA now, but it is just the same.

I like it when we do Science. We get to do loads of fun experiments, we even used biscuits and raisins!

I like it when we get to use the i-pads, it's so fun.

I like how I get to sit in my own space at lunchtime. I feel safe from the germs at school, we have lots of soap and hand sanitiser.

## Key Stage Two

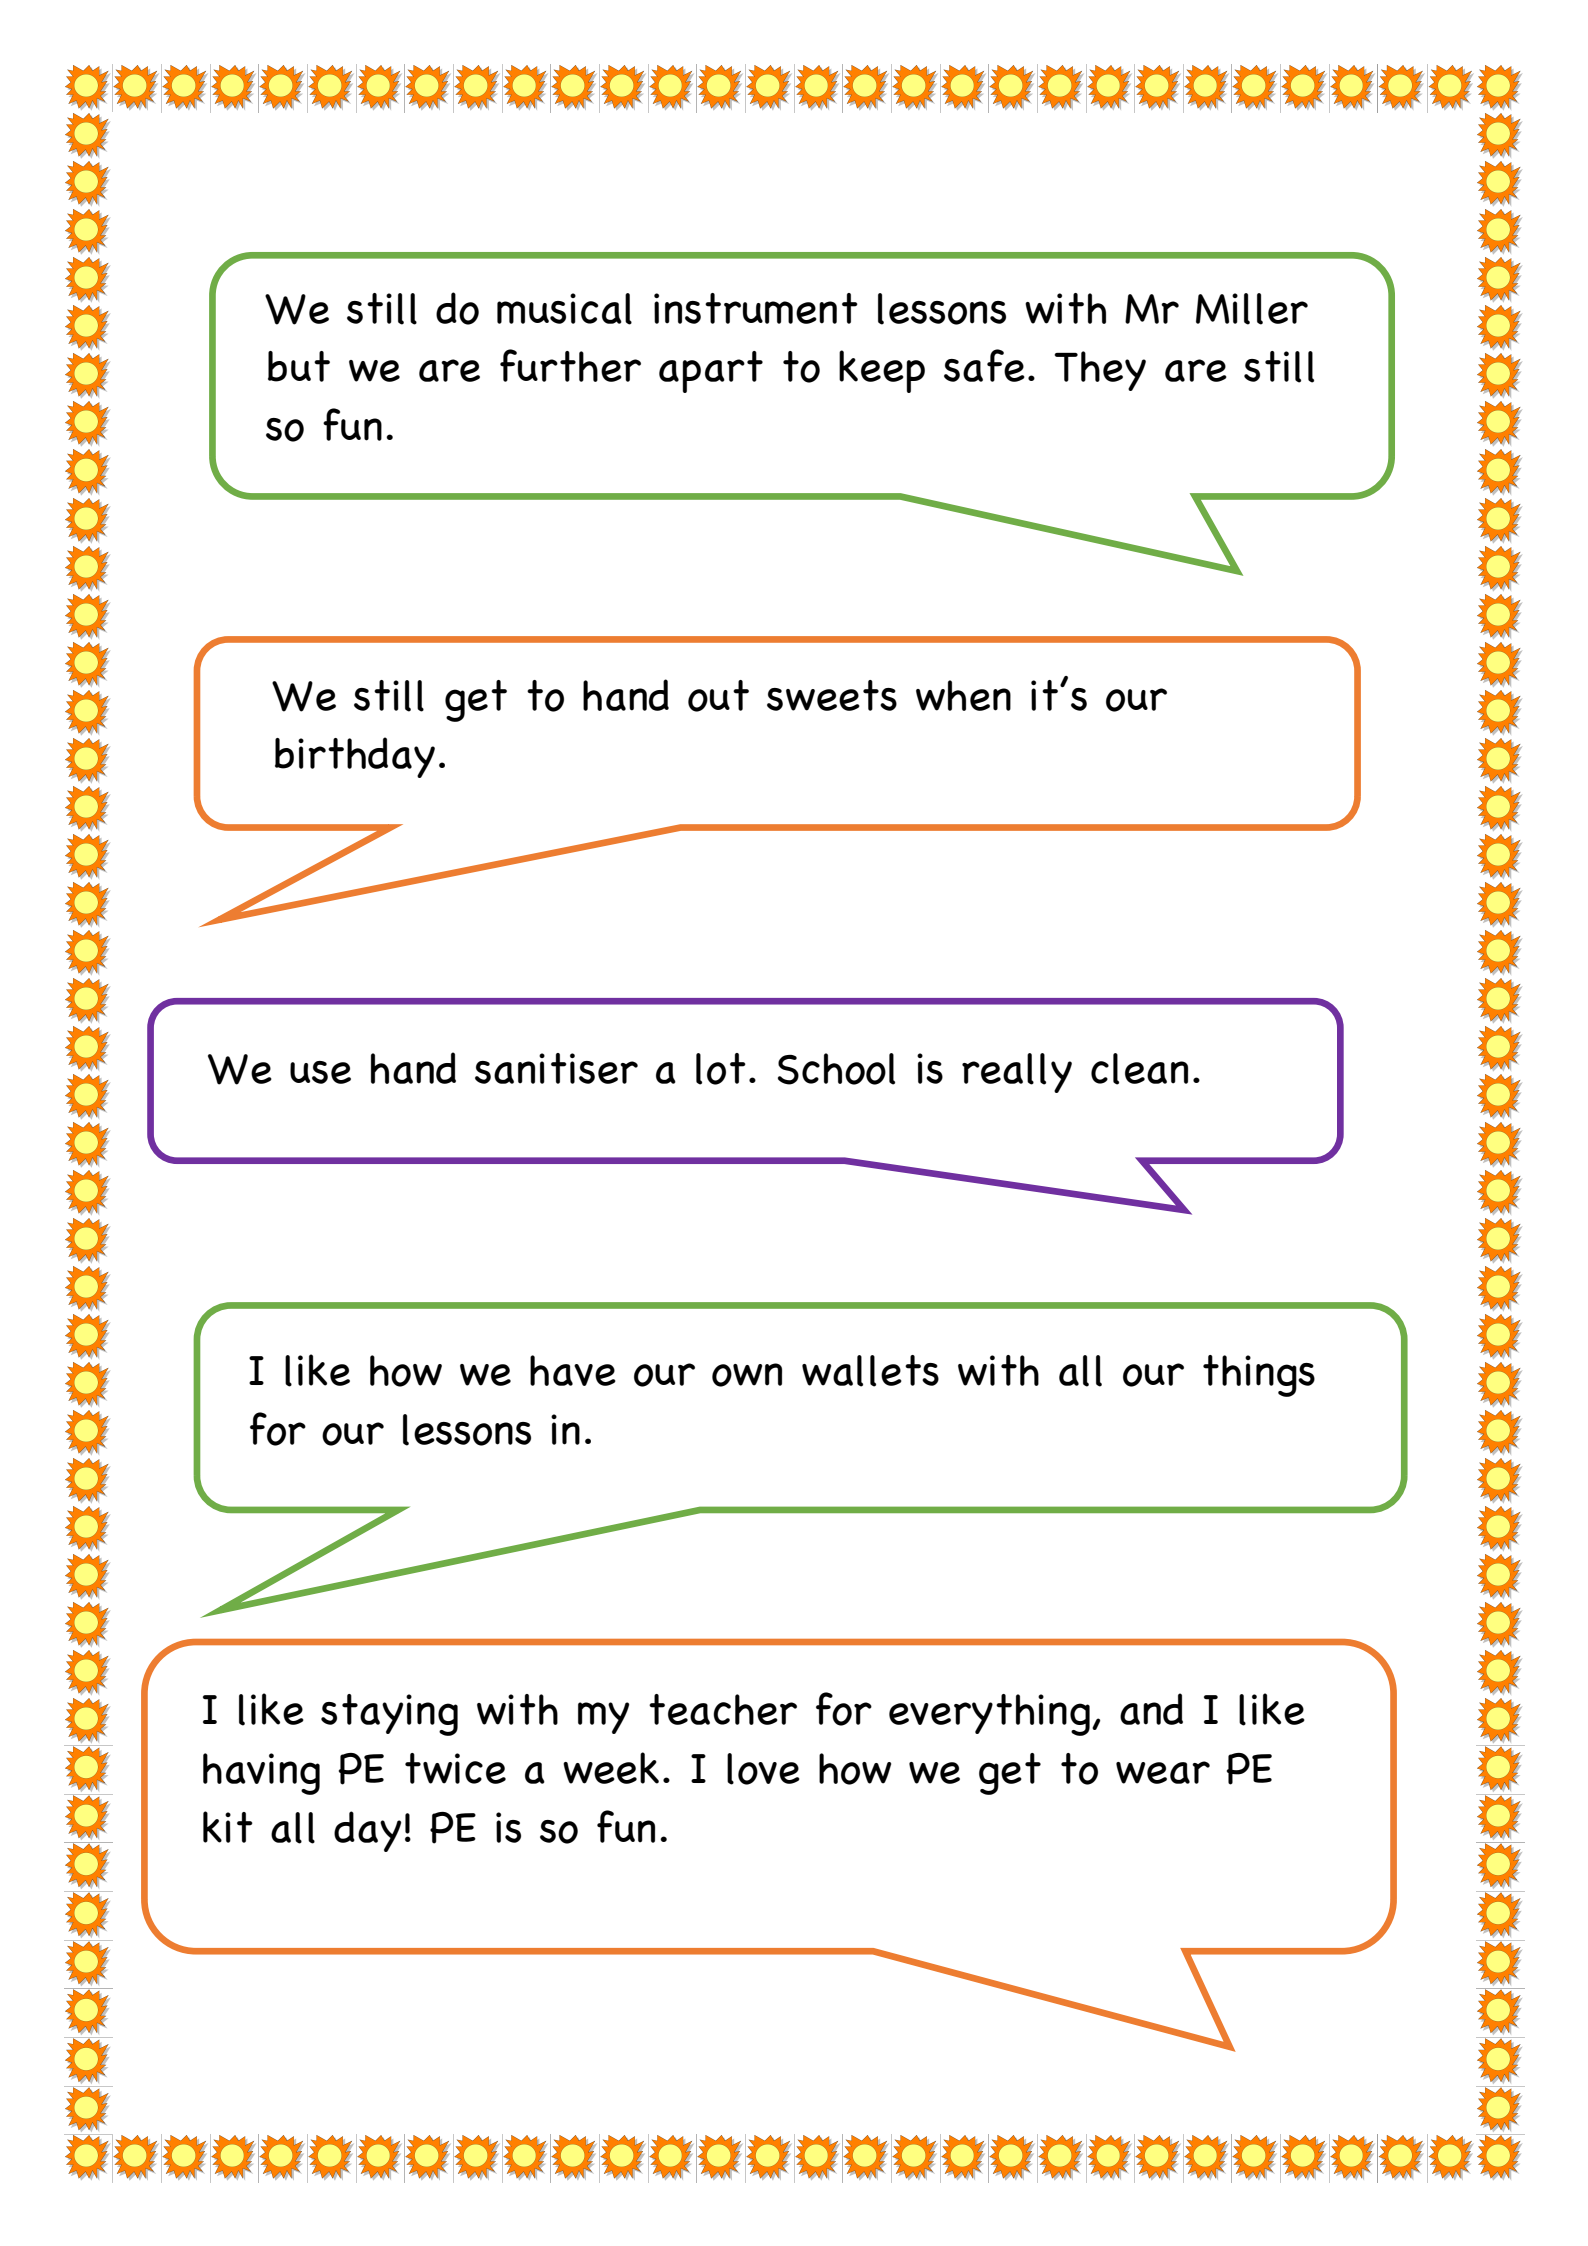

I like learning Spanish. We still play games with our friends, and it's my favourite lesson.

I love it when we do singing outside. Singing is still lots of fun.

I love our art lessons. We have used watercolour paints, pastels and charcoal.

I like how I can order lunch at the start of the day and I know exactly what to expect.

I really like sitting in my own seat at lunchtime. I made a new friend because I sit next to them now.

We still do musical instrument lessons with Mr Miller but we are further apart to keep safe. They are still so fun.

We still get to hand out sweets when it's our birthday.

We use hand sanitiser a lot. School is really clean.

I like how we have our own wallets with all our things for our lessons in.

I like staying with my teacher for everything, and I like having PE twice a week. I love how we get to wear PE kit all day! PE is so fun.
