Cristina Wigg. Chair of Governors.

My name is Cristina Wigg. I am a mother of three children. My eldest son Baxter is currently in Year 3 and my youngest son Maximo is in Year 1. My daughter, Alexia, has already had her amazing 5-year Brunton Journey and has now moved on to middle school.

The school is at the heart of our community, and I feel very fortunate that my children have had the opportunity to experience such an enriched curriculum, with fantastic facilities, right on our doorstep. As well as this, there is continuous support, love, and care from all the staff to ensure that our children achieve their best.

As a parent, I couldn't ask for more.

I have previously worked within education for 13 years, as a Primary School teacher and as a Deputy Headteacher.

My role within Primary Schools has enabled me to experience first-hand, the importance of working together as a school and community to create an environment where all children can reach their full potential.

Through my role as Parent Governor and now as Chair, I know that Brunton First School works extremely hard to achieve this.

The school and the Governing Body ensure an 'open door policy' for staff, parents, and children to allow all voices to be heard. This enables us to have a secure knowledge of our school and recognise what our next steps are.

Through my role I have gained a true insight into the hard work and determination provided by Mrs Armstrong, Mrs Appleby, and their fabulous team, to ensure our children are safe and happy.

I feel privileged to be part of the Governors at Brunton and look forward to contributing to their future and continued success.

Brunton First School. Come as you are and grow with us
